**For Immediate Release**

**FMS: TSX-VENTURE**

## **Braille Energy Systems Announces the Successful Testing of Its New Group 31 Fleet Lite Lithium Battery and Fleet Lite Marine Battery**

OTTAWA — Braille Energy Systems Inc. (formerly Mincom Capital Inc.) (BES: TSX-V) (“BESI” or “Braille” or the “Company”) is pleased to announce the successful completion of Braille Battery’s testing for its NEW Group 31 Fleet Lite Lithium Battery and Fleet Lite Marine Battery with a number of key partners. Braille Battery is owned 100% by Braille Holdings Inc. and BESI, formerly Mincom Capital Inc., purchased 89.95% equity interest in Braille Holdings Inc. For more details on the transaction, please refer to [www.sedar.com](http://www.sedar.com).

Having met key milestones, BESI is well positioned to provide ready-to-market energy solutions to meet the growing energy demands of on-board computer controls for engines, brakes, and transmissions in both fleet and marine vehicles.

Lindsay Weatherdon, President of Braille Battery states: “We are taking our knowledge from our successes in Performance Automotive and Recreational and applying to Fleet and Marine segments; there is a correlating increase in the energy demand thresholds for starting reliability and deep cycling. Specifically, “No Idle Laws” being introduced globally within the trucking industry require more reliable and efficient battery technology and we are extremely confident that our NEW Group 31 Fleet-Lite Lithium Battery will meet this demand. We are ready to share some of the market’s most innovative energy solutions for the Fleet and Marine markets.”

With a strong history providing cutting edge energy solutions for North American high performance motorsport vehicles, BESI will be rolling out it’s Braille Battery product offerings in a North American wide launch late summer 2018. Supported with both consumer and industry marketing campaigns, BESI will build on its celebrated success in motorsport to increase awareness in both the Fleet and Marine markets.

### **About Braille Energy Systems Inc.**

**Braille Energy Systems Inc. owns a 89.95% equity interest, in Braille Holdings Inc., which in then 100% equity interest in Braille Battery Inc.** Braille Battery is an established battery-manufacturing and energy storage company supplying batteries to the professional motor sports industry and the pioneer of a complete line of lightweight high powered battery systems for the transportation market. Braille Energy Systems (BESI) will expand its market penetration into a wider range of market segments that require light weight, high-performing energy solutions, using the most scientifically advanced materials.

Markets need better performing energy storage solutions to satisfy the huge growth expected in many different sectors like electric vehicles, solar and wind energy storage as well as portable

electronic devices. With two manufacturing locations in North America, BESI will provide customers with security of supply, off-the-shelf shipments and superior service.

BESI will penetrate key market segments with superior product performance utilizing graphene based materials.
