BES: TSX-VENTURE

Braille Energy Systems Completes the First Year of its Four Year Deal as the Exclusive Supplier of Approved Batteries for the Verizon IndyCar Series

OTTAWA — Braille Energy Systems Inc. (formerly Mincom Capital Inc.) (TSX-V : BES) (“BESI” or “Braille” or the “Company”) is pleased announce the successful completion of the first year as the exclusive supplier of approved batteries for the Verizon IndyCar Series. Braille Battery Inc. is owned 100% by Braille Holdings Inc. and BESI, formerly Mincom Capital Inc., purchased 89.95% equity interest in Braille Holdings Inc. For more details on the transaction, please refer to www.sedar.com.

In June 2017, Braille Battery was selected to design and manufacture the bespoke lithium Batteries to power Verizon IndyCar Series vehicles. With a successful 2017/2018 season secured, Braille is poised to continue supplying innovative energy solutions as it heads into the 2018/2019 season for its second of four year deal with this high-performance series.

Lindsay Weatherdon, President of Braille Battery states: “We are extremely proud of our affiliation with this high energy, high-performance series. It represents a perfect partnership for our proven track record as an innovative supplier of energy storage solutions. We were born into racing and continue to build on these roots so that we can evolve our successes on-track to meet the energy demands of off-track vehicles and applications.”

About Braille Energy Systems Inc.

Braille Energy Systems Inc. holds 89.95% equity interest in Braille Holdings Inc., which holds a 100% equity interest in Braille Battery Inc. Braille Battery is an established battery manufacturing and energy storage company supplying batteries to the professional motor sports industry and the pioneer of a complete line of lightweight high powered battery systems for the transportation market. Braille Energy Systems (BESI) will expand its market penetration into a wider range of market segments that require light weight, high-performing energy solutions, using the most scientifically advanced materials.

Markets need better performing energy storage solutions to satisfy the huge growth expected in many different sectors like electric vehicles, solar and wind energy storage as well as portable electronic devices. With two manufacturing locations in North America, BESI will provide customers with security of supply, off-the-shelf shipments and superior service.

BESI will penetrate key market segments with superior product performance utilizing graphene based materials.
